Dear Mr. Patterson:

Upon review of our files, it was determined that your facility (EPA I.D. No. NYD002044196) was listed as using a land disposal unit for hazardous waste management. It is our understanding, based on previous inspections, that your facility has never used a land disposal unit (i.e., surface impoundment, landfill or waste pile), to manage hazardous waste. If this statement is correct, we request that you resubmit a new Part A application with the necessary corrections in order to remove you from our active disposal list.

Should you have any questions regarding this letter, please contact Mr. Douglas Pocze of my staff, at (212) 264-5687.

Sincerely yours,

James Reidy, P.E.
